The select Committee to whom was referred the act entitled " An Act to discourage prostitution by regulating the passages of young females visiting the sea ports, or proceeding from one island to another," would respectfully report as follows :-That in the opinion of your committee, the bill which has been referred to them, reflects great credit on the mover, us the object evidently is the suppression of a vice too common to these Islands; but the bill as referred, upon due consideration of practicable, for the following reasons:

1st. It purports to prevent young temales going from one Island to another, or from one port to another of the same Island, but makes no mention of those who go from one part of the same Island to another by land, say from Waialua or Ews to Hopolulu.

2d. It requires that a pass be given by the Go-

under the same objection as section 3. For the above reasons, your Committee cannot report in favor of the bill. They therefore would recommend the postponement of the bill under consideration, and the reference of the subject to the Minister of Public Instruction, who is supposed to GULATING THE PASSAGES OF YOUNG be the guardian of the public morals, and who is FEMALES VISITING THE SEA PORTS officially connected with all clergymen and school-OR PROCEEDING FROM ONE ISLAND masters, the trainers of youth, and the proper channel through whom, for the present we must look for the redemption of young females from the great evil against which the proposed bill is direct-ed.
